Miss Nellie Makepeace went home to Franklinville this morning.

A. J. Dodamead is spending the day in Greensboro.

O. E. Wilson, of Archdale, spent last night in the city.

Miss Gertrude Green, of Chester, S. C., who has been here for a few days, left today for Jamestown.

Joe Worth went to Salisbury this morning.

Miss Nellie Lindsay, who has been visiting in Richmond for some time, returned home today.

Jim Jenkins, at one time a citizen of High Point but now of Winston, was here last night.

Miss Anna Ragan, of Archdale, came up this morning to see her brother, Bob, who is quite sick.

John Marsh, who went to Philadelphia a few days ago to buy machinery for the new machine shop which is being erected, returned today.

Rev. J. M. Hilliard, of Greensboro, who was at one time a prominent citizen of this place, passed through this morning enroute to Abbott's Creek.

Misses Alice Lambeth and Mamie Thomas, of Thomasville, were in the city today.

The firm of Ragan & Millis will close out tomorrow the rest of their stock of goods at auction, in the Sechrest building.

Miss Laura Dodamead is spending the day in Greensboro.

Work has been begun on Mr. McD. Gordy's new building, which will be used as a tin shop.

The marble shop of B. F. Jordan is being torn down. Mr. Jordan and A. R. Hammer will build a two story building on the site, which will be used for a mercantile house.

Guilford College Notes.

Correspondence Telegram.

Guilford College, Apr. 15, '98.

The physical training class will give a gymnastic drill in the gymnasium this evening.

The annual music recital by the music department will be held in Memorial Hall next Friday night.

Prof. W. A. Blair, of Winston, will deliver an address on the "History of Our Currency" in Memorial Hall on next Saturday night.

The first game of the season on our own grounds will be played next Saturday evening between Guilford and Oak Ridge. Both teams have made a very creditable showing so far this season and a good game is expected.

Guilford College Lectures.

The third in the course of lectures at Guilford College will take place tomorrow night, when the "History of Our Currency" will be presented and discussed by Mr. W. A. Blair, of Winston.

The fourth of the series will take place on the 23rd inst., when the work of the monetary commission will be discussed and explained by Mr. John W. Fries, of Salem.

The fifth will be a lecture on April 30, by Prof. W. P. Few, of Trinity College, Durham, on "Shakespeare in in the Education of English Speaking People."

These gentlemen are good speakers; are familiar with their subjects and their lectures will be highly entertaining and instructive.

The Conundrum Tea.

In spite of bad weather the Conundrum Tea held at Dr. Battle's residence last night was well attended. The conundrums were not easily guessed and some of them proved extremely difficult. One young man ordered his supper and when his order was filled he had molasses, onions, and water for a repast. Every one was highly pleased and voted the "tea" a perfect success. Quite a neat little sum was raised in aid of the new Baptist Sunday school.

SENATORS STILL TALKING

Again Propose to Remain in Session All Night.

DEAFENING GALLERY APPLAUSE.

It is Not Believed That This Country Will Entertain Any Overtures from the Powers.

By Wire to THE TELEGRAM.

Washington, April 15—This is expected to be the last day of the debate in the senate. Notwithstanding the early hour of meeting and the bad weather the galleries are densely packed.

The senators who favor recognition insist that they will secure a vote before adjournment. An all night session is likely. Twenty members are scheduled to speak during the day and night. The most of the speeches will be brief; but senators belonging to the "Peace syndicate" will make their talks long

Many conferences between the factions have been held and all of them failed of coming to an agreement. Notice has been given in the senate that it will sit continuously until a settlement is reached.

Senator Cullum began the debate in an impressive speech in favor of the majority report. He declared that the Maine disaster was a deliberate and atrocious murder. The people demand that the crime be avenged and that the blow be struck without delay. If Spain be permitted to pursue her course in Cuba she will destroy all patriots.

DEBATE IN THE SENATE.

Washington, April 15—Nine republicans will oppose the Davis resolution. When Senator Berry, of Arkansas, closed his speech he received deafening applause from the gallery. Vice-President Hobart jumped to his feet and cried in angry tones that there must be no more of this or he would be forced to clear the galleries if the demonstration was repeated.

Senator Daniel, of Virginia followed Senator Berry and said that diplomacy is ended and we stand upon the edge of war. He favors the Turpie resolution and accused the president of insincerity in his recommendations concening Cuba. Senator Quay, of Pennsylvania, arose to defend the president and was asked by Senator Daniel if it is the purpose of the president to send the army to Cuba to turn the guns in the face of Gomez thereby crushing the glorious revolution. Quay answered that he would hang his head in shame if he thought such were the intentions of the resolutions.

ENDORSING THE PRESIDENT.

Washington, April 15—Senator Platt presented a resolution from the republican Editorial Association of New York endorsing and approving the president's course. Berry, of Arkansas, was the next speaker. He argued for the recognition of the republic of Cuba.

The senate is pledged to remain in continuous session until a vote is reached.

The War department has closed a contract for ambulance wagons for the army in Cuba.

TO SECURE TRANSPORTATION.

Washington, April 15—Secretary Alger issued an order this morning directing Col. Kimball, chief quartermaster of the department of the east to arrange to secure transportation to be used in conveying troops to Cuba.

The order is an emergency one, and the quarter-master is directed to use every endeavor to let the contracts immediately.

PLEAD FOR SPAIN.

Washington, April 15—The Embassadors, after another meeting with Archbishop Ireland, held a meeting this morning and will send an emphatic note to McKinley asking him to save Spain.

PASSED THE FLYING SQUADRON.

Newport News, April 15—Captain Farneman, of the steamship Chickahominy, reports having passed the flying squadron thirty miles off the capes. The vessels were going through squadron manuevers and gun practice. He stated that excellent authority is maintained and that the squadron will return to Old Point Comfort this afternoon.

MONITOR GOES TO NEW YORK.

Philadelphia, April 15—The monitor Nahant left this morning for New York.

WILL DECLINE SUGGESTIONS.

Washington, April 15—It is the concensus of opinion among officials of the State department that if the Powers present a note after the senate passes the resolution under consideration that the government will firmly decline to accept any suggestions.

Secretary Day says he don't believe this country will entertain any overtures from the Powers seeking to change the program already arranged.

The efforts to induce renewed action by the Powers is not regarded seriously by the senators. It is disbelieved that any complete coalition can be secured in any radical protest against our course.

MONEY NOT EARNED.

Judge Ewart the Best Paid Judge in the State.

Under the act of 1895 Judge Ewart was made a criminal court judge with a liberal salary and power to order extra terms at $100 a week. Under this statute, Judge Ewart's salary is larger than that of any other judge in the state, except Judge Sutton, who has the same power.

In 1897 Ewart got an act through giving him in addition, civil jurisdiction with an increase in salary of $500. The supreme court held this last act totally invallid, but the auditor, under the advice of our blond attorney general is continuing to pay the $500 for services which are not and cannot be rendered.

By the way, what is our attorney general for, anyway? He formerly had to do the reporting for the supreme court but that duty has been taken from his shoulders and given to a reporter at a salary of $1000. This was done in order that the attorney general might attend to his duties without the state employing extra counsel. But the attorney general draws his $3000 and has his $600 clerk and is never known to perform any duties except argue a dozen or so appeals in criminal cases at each term of the supreme court.

Recently in the oyster cases in which it was the duty of the attorney general to represent the state, the governor notwithstanding the fact that his economy in lawyers fees, induced him to contract to abandon the appeal in the lease case, gave $800 out of the treasury to Bill Day and Loge Harris to argue the case about half an hour in the supreme court, and probably about as long in the superior court of Wake county, whereas the attorney general should have attended to it and thus earned at least a part of his salary.—News and Observer.

Addicks Sued for Divorce.

By Wire to THE TELEGRAM.

Wilmington, Del., April 15—A suit for divorce was filed today by the wife of Edward Addicks, the millionare gas magnate. He is charged with desertion and non-support. The suit will not be contested.

Faust Tomorrow Night.

Don't let the weather and its being Saturday night keep you from seeing "Faust" at the Academy tomorrow night. Mr. John Griffith is one of the best in his line playing on the American stage today and is supported by a strong company. Our people who can appreciate a good show should not fail to see this high class attraction. The electrical effects are simply grand.

Tickets are now on sale at Gardner's drug store. Price 25, 50 and 75 cents; doors will open at 7:45, performance at 8:45.

SYNOPSIS.

Act I—Easter Eve, Faust in his study. Appearance of Mephisto, the Spirit of Evil. The compact. Faust defies Mephisto to fulfil his promise. Faust's dream. Mephisto showing Faust the vision of Marguerite, accepts the challenge, and gives Faust the draught of youth. They depart to the public square at Nuremburg. Marguerite is accosted by Faust. Mephisto is triumphant.

Act II—Faust is introduced into Marguerite's garden by Mephisto, who leaves a casket of jewels before her spinning wheel. Marguerite shows the jewels to Martha. Mephisto slily plans with Martha that Faust and Marguerite shall meet again.

Act III—Faust meets Marguerite's brother Valentine, and tempted by Mephisto, kills him in a duel; Mephisto is again triumphant. Marguerite's story for the present ends where it began at the Cathedral, where the "Judgment Chant" is being sung for the souls of the dead.

Act IV—The Witches' Carnival on the Brocken inaugurates the career of dissipation on which Faust is launched by Mephisto, in order to make him forget the past, and by the appearance of Marguerite's grief, prepared for the catastrope which ensues.

Act V—The scene in the dungeon ends the tragedy, with Marguerite's death and her final salvation. Scene 2—"The Apothosis."

THE POWERS WILL REVIEW

The Cuban Question and Point Out the Origin.

WHO ORGANIZED THE REVOLT?

Indignant Denial that the Spanish Officers are Responsible for the Destruction of the Maine.

By Cable to THE TELEGRAM.

London, April 15—A Madrid dispatch received today says the note of the powers will review the whole Cuban question pointing out that all the troubles with the United States arise through the clamor of the sugar manufactures who, it is claimed, fomented and organized the entire revolt. Attention will be made to the alleged unmolested American filibusterings and it will be asserted that the chief Insurgent leaders are not Cubans, but adventurers of all nationalties whose sole purpose is plunder and robbery.

The note presented this afternoon indignantly denies that Spanish officers are responsible for the Maine destruction. Premier Sagasta says: "The infamous calamity merits the reprobation of all the nations of the world. Many Americans know the true cause of the disaster. For the American people to base their plea for intervention upon a heartless calamity of this character is to rebel against reason and justice. It is impossible for us to protest informally against the imputation." The note says the United States consuls in Cuba were rebel agents and that when autonomy was promised the island the American squadron went to Cuba and inspired the Insurgents to hold out. All these contentions are supported by documentary evidence which the Spanish ministry asserts completely proves that bad faith has been displayed by the United States.

The note concludes by declaring that having exhausted every means for maintaining peace Spain is reluctantly compelled to prepare for war and to fight for the maintenance of her rights and honor.

POWERS WILL INTERVENE.

Rome, April 15—Popolo Romano says it understands that the powers of Europe will intervene between the United States and Spain in favor of the latter nation. It adds: "According to information gathered from well informed quarters the intervention will take the form of a naval demonstration in which all the powers will participate."

MRS. MARY HOSKINS,

The Mother of Sheriff Hoskins Dies at Summerfield.

Mrs. Mary Hoskins, wife of Joseph Hoskins, deceased, died at the home of her son Sheriff J. A. Hoskins, at Summerfield, last night, aged 85 years. She was a daughter of Joshua Johnson, of Orange (now Alamance) county and was one of the few links left which connect the past with the present. Best of all, she was a pious, christian woman and has gone to her reward.

The remains will be interred at the old New Garden burying ground on Saturday (tomorrow) at 2 p. m.

The Telegram extends condolence to the bereft relatives.

WANTED TO JOIN THE NAVY.

A Harnett County Farmer Who Walked to Raleigh.

L. E. Pierce, of Harnett county, a young man from the country, who is a typical representative of the interior farmer, walked into the city yesterday with the expectation of enlisting and joining the navy.

Mr. Pierce went first to the Union depot. He presented himself at the ticket office of the Southern Railway and asked Agent Thad. Sturgis for a ticket to Norfolk.

Agent Sturgis announced the price but the stranger failed to produce the coin. He told Mr. Sturgis that he had been informed that the government was providing transportation for persons who desired to join the navy. Mr. Pierce said he wanted to get to Norfolk to enlist.

The countryman was informed that no such provision had been made and he left the depot with a look of disappointment on his countenance.

Pierce then went to the Adjutant General's office and he was informed that there would be no trouble in his joining the navy providing he was sound physically, but that he would have to secure transportation to Norfolk.—Morning Post.

MAJOR CLEMENT DOWD.

Died at His Home in Charlotte This Morning.

We take the following from the Charlotte Observer:

"Major Clement Dowd breathed his last this morning at eight minutes to 2 o'clock, at his residence on North Tryon street.

"The end, although expected at almost any time for a week, was at last a shock, for the major had rested so well the early part of night that for the first time in several night the family, excepting two members—Prof. Jerome and Miss Mattie Dowd—had retired.

"At a quarter to 2 o'clock Prof. Dowd noticed a change come over his father, and with the intuition of affection, realized that his spirit was passing into the beyond. Miss Dowd quickly aroused the rest of the family, but before they could get down, the heart of the patient and brave sufferer had ceased to beat."

Then follows a history of Major Dowd's illness and a short biographical sketch of his life and public services. He was an intimate friend of the lamented Zeb Vance and his last work was the writing of the history of Vance. Many people all over North Carolina will read with sorrow, "Major Dowd is dead."

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the occulist who had given the prescription and in reply received the following:

PROF. GARNER'S LECTURE.

The people of Greensboro are to be congratulated on the arrangement made by the public library committee with Prof. R. L. Garner to deliver a lecture in the Academy of Music next Tuesday night.

Prof. Garner is the greatest living authority upon the monkey. It was he who first conceived the idea that monkeys have a distinct language and one that may possibly be comprehended and interpreted by man. In pursuance of his theory he studied the language of monkeys, apes and chimpanzees in all the leading zoos of the United States, both with and without the aid of the phonograph. Having determined to study the monkey, and especially the chimpanzee, in their native haunts he made two successive voyages to Africa, remaining in the jingle for nearly eighteen months on one occasion and for nearly a year on the other. While there he domesticated two chimpanzees which were his constant companions. Prof. Garner has contributed papers on his specialty to all the leading magazines in this country and England, besides his well known book on "The Speech of Monkeys." Prof. Garner has lectured before nearly all the leading scientific societies of the United States, Canada and England. Among the societies before which he has lectured are the Century and Lotus clubs of New York; Academy of Science, Pittsburg; the Canadian Institute, Toronto; University of Chicago, Princes Hall and St. James Hall, London.

Among noted societies that have invited him to lecture are the British Association for the Advancement of Science, at Edinborough; the Society of Natural History, at Oxford University; the famous Harrow School and the Societie Zoologique of Paris.

Prof. Garner's lectures are replete with interest, both of a general and scientific nature. Prof. Garner has achieved a reputation for eloquence as a platform speaker, as well as a noted scientist.

The French press is hostile to America just now. A large amount of American securities are held in France. The French press is most notoriously corrupt. It never misses an opportunity to solicit a bribe. It is not a wholly unwarrantable conclusion that the press would appreciate a few thousand francs at the hands of holders of American securities.

With its usual clear-sighted policy congress will probably haggle over the kind of resolution to be finally adopted until Spain shall have had time to send a fleet of warships to Cuban waters. Havana is now at the mercy of our fleet. No better time to act could be found.

Mr. Bartlett, of Georgia, has discovered a new way of squelching an opponent with congressional eloquence.

Congress is becoming hopelessly cosmopolitan. It is adopting the methods of the reichsrath and the chamber of deputies.

The crimes committed against the franchise in South Carolina, Mississippi and Louisiana will fall into insignificance beside the dose they will deal to the people of North Carolina if they get their clutches upon them again. Beware of the "Siren song" ere it lure you to destruction.—Union Republican.

What was the crime committed against suffrage by South Carolina, Mississippi, and Louisiana? Are there not a number of northern states, uniformly republican that, have committed this same "crime?" Is the Republican prepared to prove that an educational qualification for the ballot is not a wise and beneficent measure? It is easy to indulge in meaningless generalities but when it comes to specific proof it is quite another matter. Let the Republican prove its thesis.

Judges' Decisions.

The verdicts of juries are proverbially uncertain and the decisions of judges are about as much so. Because a judge of Superior court decides the law to be a certain way is no conclusive reason why it is so, for our Superior court judges are overruled by the Supreme court almost as often as they are affirmed. Appeals to the Supreme court cannot be taken from the findings of fact by a jury, but only from rulings of the judge upon points of law. It is therefore more important that the jury should not render a wrong decision as the latter can be appealed from.

In the last volume of our Supreme court reports we find the decisions of our Superior court judges affirmed and overruled as follows:

Judge	Affirmed.	Overruled.

Fell Into a Glacial Crevasse.

Seattle, April 13—The steamer Alliance from Copper River, brings news of the loss of an Eastern prospector in a glacial crevasse while crossing over the pass on March 20. His companions lowered a rope to him but not being long enough, it proved unavailable, and the unfortunate man chilled to death in about an hour. This makes the second similar death at the same place this spring, both bodies still remaining in the icy tomb.

There Are Others.

"Now," said the anxious mother, "you do not want to marry that reporter. Think of having a husband who never gets home until 2 or 3 o'clock in the morning."

"But," said the shrinking maiden, "aren't all husbands that way? Papa is not a reporter, and, yet—"

But the anxious mother declined to listen.—Tid Bits.

STATE NORMAL DIRECTORS.

Called to Meet in Annual Session at Greensboro, May 23.

The state superintendent of public instruction yesterday called the annual meeting of the board of trustees of the State Normal and Industrial College, at Greensboro, for May 23rd.

The board now consists of J. E. Fowler, of Sampson; R. D. Gilmer, of Haywood; John Graham, of Warren; M. C. S. Noble, of New Hanover; W. D. Turner, of Iredell; Dr. J. O. Wilcox, of Ashe, and C. H. Mebane, state superintendent; Hugh Chatham, of Surry; A. C. McAllister, of Randolph, and W. P. Shaw, of Hertford.

The terms of the last three named expire at that meeting and E. A. Moye, of Pitt; A. S. Pearce, of Granville and J. A. Blair, of Randolph, take their places.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervogs system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impuritie in the blood. Electric Bitters improves the appetite, aidsdigestion, and is pronounced byt those who have tried it as the very bes blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at C, E. Harris Lithia Water of South Carolina.

Contains more Lithia than any other Lithia Spring Water on the market. If the Harris Lithia Water is not superior to another water on the market, do you think the following noted physicians would state that it is? They have no interest in Harris Lithia Water:

Mr J T Harris, Proprietor Harris Lithia Springs;
Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflamation of the bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,
GEO HOWE, M D

Mr. J. T Harris:
Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long-continued use of the same waters at home. Other of my patients and friends are now using the water with best results. I cordially recommend it to all suffering from similar diseases.
Very respectfully yours,
THOMAS S POWELL, M D,
President Southern Medical College, Atlanta, Ga.

Asheville, N C, April 20, 1893
An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Waters known to the profession. In the condition of Phosphatic Urine its action is marvelous. Its use in the rheumatic and gouty diseases affords me more comfort than either the Buffalo or Londondery waters.
Very truly yours,
JOHN HEY WILLIAMS, M D

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the kidney and bladder unequalled by any other water of which I have made trial.
This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.
A N TALLEY, M D
Columbia, S C, October 8, 1892.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda. Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly on the mucous coating of the stomach and alimentary canal; they are powerfully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of the stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid; all calculi of an acid character, whether literary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.
J Q WILBUR, M D
Walterboro, S C, April 10, 1892.

Baltimore, June 24, 1896
J T Harris, Esq. Harris Springs, S C:
Dear Sir:—I have been using Harris Lithia Water for some time, and I will say to you that it is my opinion that the Harris Lithia Water is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.
R C HOFFMAN,
President S A L R R

Atlanta, Ga, Feb 24, 1897.
Mr J T Harris, Harris Springs, S C:
Dear Sir:—I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from kidney and bladder troubles. Therefore take pleasure in recommending it.
Respectfully,
JAS F ALEXANEER,
President Board of Health

Mr J T Harris:
Dear Sir—It gives me pleasure to say that I have been using your Lithia Water for several months past, and that I believe it to be one of the best Lithia Waters that I have come in contact with. Yours truly,
E ST JOHN,
Portsmouth, Va Vice President

Charleston, S C, Sept 20, 1893
Mr J T Harris:
My Dear Sir—I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked denefit. To any one troubled with kidney disorder it is the remedy par excellence. I prefer it to the Buffalo Lithia Water.
Very truly yours,
A C KAUFMAN,
President Vanderbilt Benevolent Association of Charleston, S C

Chester, S C
Dear Sir—For the past six months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity of it daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative and is a sure cure for flatulent dyspepsia.
S M DAVEGA, M D

Atlanta, Ga, April 20, 1897
I have used for some time Harris Lithia Water in my family, and also with my patients, and find it the best water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic water.
G G ROY, M D

A Fair Proposition

We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worse case of indigestion.

Mrs. Joe Person:—Allow me to express my gratitude to you for the wonderful cure your Remedy made on my little daughter, some eight years ago. She was afflicted with some blood impurity which resulted in boils and sores on her head, face and neck, which troubled her severely and continuously for 18 months, more or less. After trying different remedies for a long time without any permanent relief, a friend advised me to try your medicine: After a short use of it she began to improve and when she had taken about eighteen bottles the sores and boils were entirely healed, there has never been any return of them, and she seems now to be entirely well. I consider your Remedy one of the very best blood purifiers on the market.
Yours very truly,

Notice

At the annual sale of Registered Jersey Cattle from Occoneechee Farm, April 7, 1898, I bought the thoroughbred Jersey Bull No. 3, Romola's chief, 41425 A J C C., sire Meridale Buffer 31346. Dam Romola of Beverly 47860. Romola is one of the best Cows at Occoneechee farms. Her dam was imported. The sire, Meridale Buffer is from dam Meridale coquette, 64535, whose record at two years old in one week was 17 pounds butter. Her grand dam was Ida of St. Lambert, who made 30 pounds butter in one week and milked 67 pounds in one day. The grand sire of Meridale Buffer is Ida's Rioter of St. Lambert. This is a great Bull, standing for years at the head of Miller Sibleys herd. Also carries the blood of Matilda 4th, 60 pounds milk in a day and 26 pounds butter in a week, Stoke Pogis and Stoke Pogis 3rd. Will stand at my stable near Finishing Mills.

DECLARES WAR INEVITABLE.

Senor Sagasta's Concessions Have Gained Nothing.

Madrid, April 14—4:50 p. m.—El Heraldo will say: "War is now inevitable. All the concessions of Senor Sagasta have gained nothing from America, or from the powers who interfered. It is a critical moment.

5:25 p. m.—The speech from the throne at the opening of Parliament will be short, but expressive. Senor Capdepon, Minister of the Interior, is communicating the government's decision to the provisional governors in order to enable Senators and Deputies to arrive in time. Senor Moret, Minister of the colonies, is doing the same for Cuba and Porto Rico. Senor Sagasta the Minister State, has been ordered to draft immediately a document to the European powers, showing the present situation and Spain's firm attitude before the threatening decisions of the United States.

The note will protest against the resolutions of congress and add a recital of the "Sacrifices Spain has made with pleasure, and the advice of the powers, but which are inefficacious, owing to the offensive attitude of the federal congress."

Much of tonight's excitement is due to conflicting and incomplete reports as to what has actually occurred at Washington, several papers saying that the foreign relations committee of both houses report fixing the responsibility for the Maine disaster upon the Spanish authorities. This causes a great commotion.

Up to 8 o'clock this evening General Woodford had received no advices on the subject.

South Africa Company.

London, April 14—The report of the British South Africa Company, which will be issued tomorrow, shows that the company has a balance of £500,000. The shareholders will be asked to authorize the directors to issue ordinary shares to the amount of £1,500,000 for the construction of railroads and public works, the shares to be issued from time to time when desirable. It is believed that £250,000 of these shares will be issued immediately.

Cecil Rhodes and Alfred Beit will seek to rejoin the directorate of the company, the former in the capacity of managing director.

A leading Denver lawyer has just been debarred from practicing in the Federal courts for applying gross epithets to one of the judges in a brief. FELLOW FEELING MAKES US WONDROUS KIND."

and mutual admiration of our laundry work is a theme that both ladies and gentlemen can discuss, and find they both feel the same way—feel satisfied with both excellence of work and reasonableness of price. Gentlemen's shirts, collars, cuffs and white vests, and ladids' shirt waists, collars and cuffs are turned out like new.

BRIEF LOCAL MATTERS.

C. W. Petty went to Spray this morning.

W. B. Caviness, of Sanford, was in the city last night.

Rev. J. H. Lamberth, of Lexington, was in the city today.

Be sure to hear Miss Goodhue tonight at the academy. She will present a most interesting program.

Hudson's Saturday bill of fare is interesting as usual. It appears at top of this page in the first column.

Plenty of eggs at 10 cents a dozen advertised along with other things by J. N. Ingram today. Read the ad. on this page.

Prof. W. W. Flowers, superintendent of the Durham graded schools, passed through last night enroute to Baltimore.

The protracted meetings at West Market street church continue with increasing interest. All are cordially invited to attend these services.

The Harvard baseball team is expected to arrive in the city tonight enroute to Chapel Hill where they cross bats with the University team tomorrow.

The Cape Fear Lumber Company has the contract for furnishing the lumber and shopwork for the new addition to the deaf, dumb and blind asylum in Raleigh. This is a pretty big job and we congratulate our friends of the Cape Fear on securing it.

Two or three months ago an electric light was promised at the First Baptist church and up to this writing the light has not been placed there. Pretty soon now it is expected that a series of meetings will begin there and if they will ever need the light it will be then.

John A. Hodgin has bought the vacant lot corner of South Elm and Bain streets and will in a few days begin the erection thereon of two handsome flats or tenements. These buildings will be equipped with all modern appliances and conveniences and will be very desirable.

Greensboro's New Manufactory.

A new manufacturing enterprise, under the name of the Glenn Manufacturing Co., is soon to be started here. Steps have been taken to have the company incorporated with R. G. Glenn, J. B. Sneed, and C. H. Ireland as incorporators. A building has been secured, a superintendent engaged and a portion of the machinery ordered, and within a month the new company will begin business in earnest. Just what line of goods they will manufacture has not yet been fully determined, but will be announced later.

We extend a most hearty welcome to this new business and wish it much success.

The "Stars" Last Night.

There was a small audience at the Academy of Music last night to see the closing performance of Chick's International Stars. The performance was tame, the jokes of the black faced comedian were stale and with the exception of the Cineomatograph pictures and serpentine dance the entertainment was below the average vaudeville performance seen in this city. The bad night and small crowd may have been responsible for it, but it was absolutely a farce without comedy.

Stolen From the Mill.

This morning Policeman Whittington discovered that a back window at the Guilford Roller mills had been broken open and he at once notified the manager who had not noticed it. Upon investigation it was found that by means of first removing a pane of glass an entrance had been effected, and that ten or twelve sacks of flour of the brands "Our Standard" and "Battle Ground" had been stolen. No clue to the robber.

K. of P. Notice.

Guilford Lodge No. 69, K. of P., will meet tonight at 8 o'clock. Work in first degre. C. E. Moore, C. C.

Notes of The Prowler

"Another day has come and gone" said the Prowler as he kicked the mud off his shoes on the doorsteps this morning, "and the senate branch of the United States congress has not acted yet. Yesterday action was promised sure. Late in the afternoon the message came red hot and fuming, that the senate would remain in session all night unless a time was set to vote or action was taken. About 8 o'clock a message came as cold as ice "the senate adjourns until 10 o'clock tomorrow.

"So it goes; the house went through in half a jiffy, but the Senate, which has been so rantankerous and warlike, delays action. It may be the proper caper, but it wouldn't surprise me if Spain declares war on Uncle Samuel before the Senate gets done its speech-making business. The president didn't know what to do with the business and turned it over to congress.

This condition of things reminds me of the action of a jury in one of the mountain counties of North Carolina. Judge Battle was holding court and a case was being tried which involved a settlement between two parties and the measurement of a lot of corn.

The evidence was all given, the lawyers made their arguments and the case was turned over to the jury. Retiring to the jury room they began to discuss the facts and to measure the corn. Night came on and the corn was not measured and a decision not reached.

Court adjourned for the day, and the judge repaired to his room with instructions to the "twelve good men and true" to call him if they needed him. Several times he was called upon for additional instructions, which he gave. At last, about two o'clock in the morning, when he had retired and thought he was settled for the night there came a rap on his door and the announcement that the jury had agreed.

He arose and shivering with cold, partly dressed, and wrapping a heavy mantle about him repaired to the court room to receive the verdict.

In response to the query: "Gentlemen of the jury, have you agreed upon a verdict?"—the foreman answered "We have."

"What is your verdict?"

"We have agreed to leave this whole business to Dr. ——, and if he can't straighten it out, we don't know who in h—l can."

The doctor was a prominent man in the community and the jury thought he was more competent than they. Mr. McKinley evidently took this view of the present complications and if congress can't fix it he doesn't know who can.

Did you ever hear of the Universal Food Chopper?

A few weeks ago a representative of the manufacturers gave an exhibit in our store. The variety of articles it would chop—the number of ways it would chop them—in short many accomplishments of the little untensil excited the wonder of all. The price, too, is wonderfully cheap, only $1.75. We will sell the chopper to any reliable person with the understanding that if it is not satisfactory it may be returned and the money will be refunded.
